

# Caro Community Schools Mobile Device Insurance Agreement

Each student, grades 6-12, is being provided a Chromebook package at no cost. This package includes a Chromebook, (protective case and charging cord for High School Students) and appropriate, pre-installed applications.

Caro Community Schools recognizes that families may have concerns regarding their child receiving a mobile device. As a result, CCS is providing families an opportunity to purchase insurance for their student's mobile device. This insurance policy would offset the cost of repair or replacement in the event of accidental damage incurred to the device.

Students with insurance who experience damage to their mobile device will be charged the applicable "With Insurance" deductible as opposed to the full repair or replacement costs listed below.

## Chromebook parts and replacement costs are as follows:

<u>PARTS</u>	<u>WITH INSURANCE</u>	<u>WITHOUT INSURANCE</u>
Full Replacement	\$100.00	\$250.00 or current replacement cost
Screen	\$30.00	\$100.00
Keyboard	\$30.00	\$60.00
Power Port	\$15.00	\$30.00
Charger	\$15.00	\$30.00

***Other costs: To be determined through appropriate assessment up to the full coverage of the student device.***

The District will repair or replace equipment that is deemed a manufacturing defect at no cost to the student family. CCS will repair or replace failing or defective equipment that stops working from normal use. The cost for all malicious or accidental damage, lost or stolen devices and equipment will be the responsibility of the student/parent/guardian. The District will invoice the students for the cost of the applicable repairs, or the deductible for said repairs, if the student purchased mobile device insurance. In the event of a lost or stolen device, the CCS District may deploy location software, which may aid in recovering the device.
